

SSO ID REGISTRATION PROCESS

Government of Rajasthan – Citizen & Government Employee Registration

OFFICIAL SSO PORTAL

sso.rajasthan.gov.in

1. Registration Process for Citizens of Rajasthan

1. **Open the official SSO portal** – Go to sso.rajasthan.gov.in.
2. **Select Registration** – From the main page, select the “Registration” option.
3. **Select Citizen** – Choose the “Citizen” option.
4. **Choose a registration method** – SSO registration can be completed using Jan Aadhaar Card, Google Account, or Bhamashah Card. Jan Aadhaar registration is applicable to Rajasthan residents.

Available Registration Methods

Method	Process / Key Requirement
Jan Aadhaar Card	Enter the Jan Aadhaar number and required details (e.g., name, head of family), select “Send OTP”, enter the OTP received on the Registered Mobile Number (RNM), and select “Verify OTP”.
Bhamashah Card	Enter the Bhamashah Card Number on the registration screen and complete the required registration details.
Google Account	Enter the email ID registered with Google. This email ID becomes the SSO username. Enter the remaining required details and select “Register”.

2. Registration Process for Government Employees

1. **Open the official SSO portal** – Go to sso.rajasthan.gov.in.
2. **Select Government Employee** – From the main page, search for and select the “Government Employee” option.
3. **Enter SIPF credentials** – Enter the SIPF username and associated password.
4. **Complete registration** – Enter the requested details and select the “Register” tab.
5. **Receive SSO credentials** – After successful registration, the user will receive the SSO Login ID and password.

Presentation Note

The registration journey differs based on the user category: citizens register through Jan Aadhaar / Bhamashah / Google Account, while Government Employees register using their SIPF credentials.
